Contains sulphites

Alcohol content
13.5%

Character

An intense and elegant bouquet of grapefruit and lime notes with a touch of lychee, and a hint of gooseberry and minerals. This impression continues onto the palate alongside slightly salty notes due to the vineyard's proximity to the coast. The wine is exceptionally elegant and expressive, fresh, juicy and lively, with good body and a fruity finish.

Wine type

Sweeter wines

Lingering wines

Producer

Montes

The guardian angel stands in the form of a statue in every Montes wine cellar to bring luck. Since its establishment, it has been the companion of the top winemaker Aurelio Montes, an outstanding personality, and extends its protective hand over the wonderful wines. Because of this and thanks to his profound sense for new terroirs and top wines, Aurelio Montes has made it onto the international wine calendar. He has discovered Chile's potential and produces wines of the highest quality. Today the Montes winery includes vineyards in Apalta, Marchigüe and the cooler Zapallar area. It is of course family-owned and family-managed by Aurelio Montes with the support of his son Aurelio Montes junior.

Foodpairing

Soft cheese from goats' or ewes' milk
