Alcohol content
14.00%

Character

Notes of plum, redcurrant and a touch of strawberry jam characterise this garnet-red wine. On the palate it is very fruity and fresh, with temptingly soft tannins, a round, mellow and very harmonious body, and a long finish.

Wine type

Sweeter wines

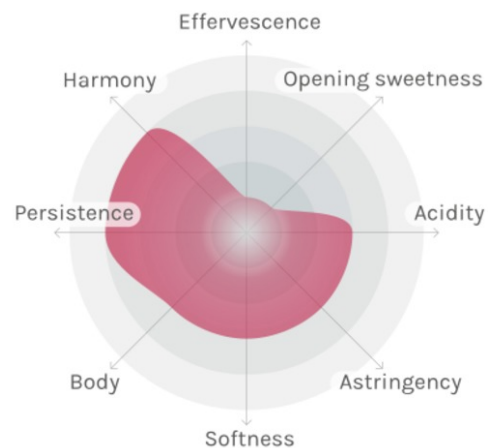

Balanced wines

Producer

Pousio

A small, high-quality and technically cutting-edge winery in Vidiguera at the heart of the Alentejo region offers supple, balanced wines made mainly from indigenous grape varieties. Stony, barren granite and slate soils make for extremely concentrated vines. In a dry, frost-free climate with Atlantic influence, hot days and cool nights create the basis for wines with harmonious flavours, merging power and elegance, fruit and flavour. The hard work, patience and love that each member of the team puts into all phases of production can be felt in all the products.

Foodpairing
