14%

Character

In the glass, this fruity, fresh cuvée has a pale yellow gleam. Aromas of gooseberry and citrus, alongside exotic fruit and a touch of mint, enchant the nose and palate. The wine is lively on first contact and its mellow, pleasingly full structure is enjoyable.

Wine type

Sweeter wines

Fresh wines

Producer

Montes

The guardian angel stands in the form of a statue in every Montes wine cellar to bring luck. Since its establishment, it has been the companion of the top winemaker Aurelio Montes, an outstanding personality, and extends its protective hand over the wonderful wines. Because of this and thanks to his profound sense for new terroirs and top wines, Aurelio Montes has made it onto the international wine calendar. He has discovered Chile's potential and produces wines of the highest quality. Today the Montes winery includes vineyards in Apalta, Marchigüe and the cooler Zapallar area. It is of course family-owned and family-managed by Aurelio Montes with the support of his son Aurelio Montes junior.
