Producer

Cami

The wines of Cami, a cooperative in the heart of the region around Verona, invite you to spend cosy hours with your loved ones. In this wine series - also available in the practical half-litre format - the classic wines from the Italian Alpine region and the Padan Plain unite. The red wines are pressed from grape varieties which are typical for the North of Italy: Molinara, Rondinella and Corvina Veronese. Accordingly, the region's winemakers know how to professionally and consistently implement the special and arduous process related to the production of quality wines. Decades of success is the living proof.
