Cantina Orsogna

Cantina Orsogna, also known as Olearia Vinicola Orsogna, is a cooperative whose members began converting to organic viticulture as early as 1998. The high vineyards (500 metres above sea level), which are all located in the province of Chieti, offer excellent growing conditions. The proximity to the sea and the microclimate that is strongly influenced by it, as well as the great work of head oenologist Camillo Zulli in the wine cellar, contribute significantly to the high quality of the wines, so that they are virtually showered with awards.
